

## Architecture diagram

-First, to use G1N8CSF Gallery Pro in your website search engine, you will need to enter its IP address.

-G1N8CSF Gallery Pro includes an "upload your gallery photos" box, "Total photos," "years," "months," and an "MB Total Store" box.

-In G1N8CSF Gallery Pro, you can click enter the "upload your gallery photos" section and upload pictures from your device.

-To view the details of the uploaded photos, options such as Masonry, Grid, Date, Name, Size, and Refresh are available. Additionally, there is an "All Photos" box and a box that automatically assigns the "Years" tag.
